DUMMY SASH CLIP

These simple moulded plastic clips that are attached to frames using a single fixing screw allow dummy sashes to be simply snapped into their final position after installation of frame fixings. Two clips are fitted at each corner of the sash for maximum security, additional clips are also fitted between corner clips as required to ensure compression of seal around the sash.

Features & Benefits

- Made in the UK
- Strong and reliable
- Eurogroove application
- One fixing screw required
- Corrosion resistant nylon 6
