- BS EN 14351-1:2006 + A2:2016 Clause 4.8 Load bearing capacity of safety devices
- Only Authorized access to open the window fully using the key
- 4 sizes for different opening angles
- Stainless steel design
- Made in Britain to ISO 9001 Quality System

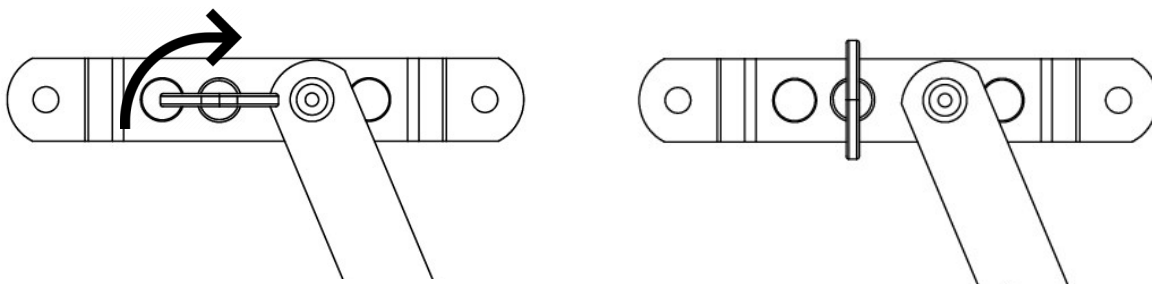

7500-KEY

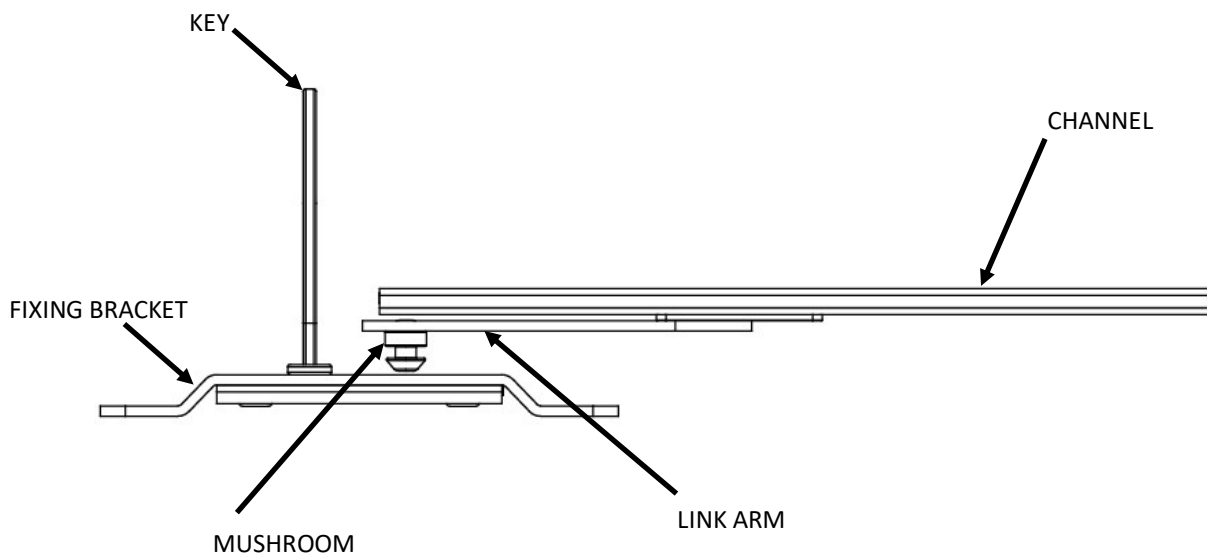

RELEASABLE RESTRICTOR RANGE 75#7

OPERATION

To release the fixing bracket from the link arm you must first insert the key and turn clockwise 90°. This will unlock the mechanism and allow you to remove the mushroom cam/link arm from the fixing bracket by pulling them apart.

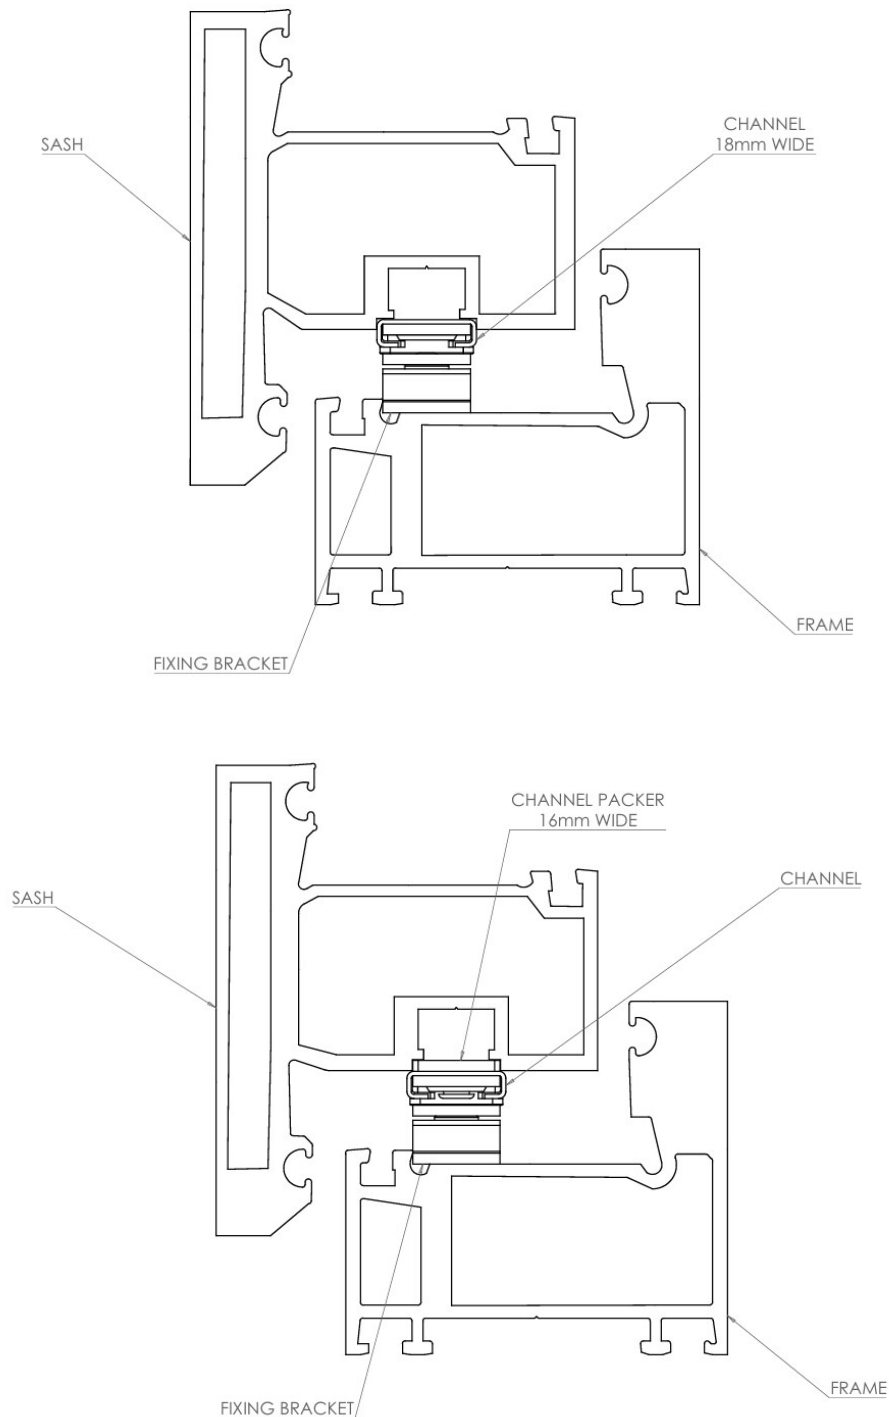

To reattach the link arm the key is not necessary but is advised, by pushing the mushroom cam back into the fixing bracket you will feel the latch engage onto the cam. Please ensure the link arm is securely connected to the fixing bracket
