

uk window products ten year guarantee for assured performance

As a leading UK manufacturer of premium window products, Nico is committed to quality design, production and finishing within its engineering facility in Clacton, Essex – supported by excellence in sales and service support.

All Nico window products are built to the highest quality standards and meet the demands of all relevant national and international approvals. The result – well designed and built components that will enhance uPVC, timber or aluminium window profiles and installations.

friction hinges, locking systems & devices

All Nico Window Products are guaranteed for ten years against mechanical failure due to defective design, materials or workmanship.

In the unlikely even that a Nico product should fail, Nico will arrange repair or replacement of the item or part free of charge.

Nico Guarantee Conditions

- Covers domestic and light commercial applications.
- Products must have been installed and maintained correctly.
- Products must only be adjusted by a professional window fitter.
- Products must not have been modified.
- Products must not have been subjected to unfair wear and tear, highly aggressive or corrosive environments, or toxic cleaning materials.
- Proof of purchase and payment must be supplied.

ROUTINE MAINTENANCE

Like most mechanical devices, Nico Window Products should be routinely maintained to ensure reliable, smooth, long-life performance.

Channels must be kept clean and free from debris and lubrication with a 3 in 1-type oil should be applied twice a year.

PENETRATING OILS, SUCH AS WD40 OR DUCK OIL, MUST NOT BE USED.

Secured by Design
